

## **CHAMPION #RB30 LITTLEBRUTE MAGNETIC DRILL PRESS**

The Champion RB30 LittleBrute Magnetic Drill Press is a compact and dependable magnetic drilling solution engineered for precision steel drilling in tight spaces and on lighter fabrication tasks. Powered by a robust 1100 W motor with single speed setting (650 RPM) and reversible rotation, the RB30 offers controlled performance across a variety of cutting applications. Its integrated 3300 lb magnetic base ensures secure holding force while drilling, enhancing stability and operator confidence.

Designed to accept standard 3/4" Weldon shank annular cutters, the RB30 supports efficient holemaking with annular cutter capacity up to 1-3/8" diameter with a 1-3/16" depth of cut, and includes the quick-change arbor system for rapid tooling swaps. A twist drill adapter is included for standard drill bits, providing flexibility for general drilling tasks. With its compact form factor and practical accessory set, the LittleBrute is ideal for mobile work, maintenance crews, and fabrication environments where space, accessibility, and performance must align.

## **What's Included with this Magnetic Drill Press?**

- Carrying case
- Hex keys
- Wrench
- Safety guard
- Removable handle
- Safety chain

## **TECHNICAL ASPECTS**

- Capacity: 1-3/8" Diameter, 1-3/16" Depth of Cut
- Weight: Only 23 lbs
- Motor Power: 1100 Watt
- Motor Speed: 650 RPM
- Magnetic Strength: 3300 lbs
- Built-In Quick Change Arbor For Fast, Productive Cutter Change
- Accepts Standard Annular Cutters With 3/4 In. Weldon Shank Weldon Shank
- Handle Can Be Removed For Use On either Side Of Drill Press
- LED Light For Improved Visibility
